DNR GRANT FOR NORTH LAKE WATER QUALITY AND ENVIRONMENTAL STUDY

NLMD applied for three grants from the DNR to help fund the 2021 North Lake Study. **GREAT NEWS!!!** NLMD was awarded all three grants for a total of \$30,000 to help fund the 2021 Lake Study. These grants will fund approximately 50% of the total estimated cost.

Applicants submitted 352 grant requests to the DNR for over \$7.4 million. The DNR only had \$6.2M to fund grant requests.

NORTH LAKE STUDY PRESENTATION

The North Lake Water Quality and Environmental Study from summer 2020 will again be available for your review. If you missed the first presentation in late fall 2020 at the annual NLMD meeting, this a second chance to hear about the interesting findings.

With support from the North Lake Management District (NLMD), Southeast Wisconsin Regional Planning Commission (SEWRPC) and Carroll University, this multiyear research study provides a comprehensive view of water quality, wave impacts, shoreline status and fish habitat on North Lake.

You are invited to view this study, and virtually attend the accompanying presentation during "Water Week", Tuesday March 9th from 11:20AM to 12 noon. FREE

Wave Propagation Dynamics and Water Quality Impacts on a Freshwater Lake in SE Wisconsin: North Lake, Waukesha County
Speakers: Tim Tyre and Mike Mortensen

A multi-agency effort was undertaken through the summer of 2020 to systematically measure wave propagation characteristics and their surface and subsurface impacts.
