Channel Dredging

The dredging company is planning on coming to North Lake to finish the channel between the Big and Little Lake on Tuesday, September 28, 2021. Subject to weather and equipment failure, it will take four days to dredge the channel (one day for setup, one day to take down and two days for dredging.)

The channel will be closed September 28, 2021, thru October 1, 2021. Sorry for the inconvenience, but it sure will be nice when it's done.
