October 14 Dredging update

16,000 of the 125,000 cubic yards of sediment have already been pumped to the dewatering basin at the Halquist North Lake pit. Dredging operations will continue 24 hours a day, 6 days per week.

In the next week, the dredging operations will move to Schneider Bay. The residents in Schneider Bay have raised enough funds to have the entire perimeter of shoreline in Schneider Bay dredged. Upon completion of the dredging in Schneider Bay, the dredge will return to Ice House Bay and dredging will continue until we run out of money or the job is done.

We have put in a tremendous amount of work to get to this point, let's push this project over the finish line! Please review the donation suggestions in this email to help us reach our goal.

We have donations and commitments of \$ \$2,203,080.

We need \$254,276 more to be able to finish the entire project.

How can I donate?

Please mail a check for your contribution amount to:

North Lake Management District
Don Reinbold, Treasurer
N73W32385 River Road
Hartland, WI 53029-8512

For those using a Donor Advised Fund, NLMD's Tax ID 30-0799991 and Don's Phone # is 262-510-6113

Lake management districts created under chapter 33 are governmental entities exempt from income tax and gifts to NLMD are deductible for federal tax purposes if the gifts are made for a public purpose. The dredging project should qualify as a public purpose. Please consult your tax advisor.

Fundraising Update

Please check if your neighbors have donated, if not please share this message with them. The NLMD does not have all residents email addresses and we need your help to get the message out! Please direct any questions on the project to Mark Theisen at markjtheisen@gmail.com or cell 414-750-5657.

Donation Suggestion

If you live in the area to be dredged: \$5,000 minimum

If you have already donated \$5000, any more that you can donate would be greatly appreciated!!!

If you live outside of the area to be dredged: \$2,500 minimum

If everyone follows the suggestion, we will have enough to dredge all of the identified sediment out of the North bays.

THANK YOU! To these people that have already contributed to the project:

* If you would like your name(s) listed differently, please let us know by emailing markjtheisen@gmail.com . Please bring any misspellings or omissions to our attention!
